IIUM as the Second Highest User of Emerald Database in the World

By
Yustina Abu Bakar
Senior Librarian
Head, Publication & Promotion Committee

On 28th February 2012, the IIUM Rector Prof. Dato' Sri Dr. Zaleha Kamaruddin, on behalf of the University received the 2011 Emerald's Highest Usage Award from Emerald Group Publishing Limited. The ceremony was held at the IIUM Library and attended by both the University's and Emerald's personnel. IIUM emerged as the second highest user of Emerald in the world with a total download of 449,294 articles. The Award is a first for IIUM. The winner of the award, for the last 5 consecutive years, is Universiti Teknologi MARA (UiTM). For 2011, UiTM lecturers and students in all its campuses downloaded 960,085 articles, both in HTML and PDF formats.

IIUM Library began subscribing to the Emerald online database, namely the Emerald Management Xtra Plus with Backfiles, in 2003. Emerald Group Publishing Limited prides itself as the world’s leading publisher of management research. Its other strength is in business, society, public policy, education and library sciences. To date, more than 3000 universities worldwide subscribe to the database. All the world’s top 100 business schools subscribe to Emerald and authors from 98% of the top business schools write for Emerald journals.

Emerald Group Publishing Limited publishes over 700 titles, comprising 200 journals, over 300 books and more than 200 book series as well as extensive range of online products and services. From this extensive list of publications, in 2011, IIUM highly accessed and downloaded from the following journals:

- Reference Reviews (15,083 downloads)
- Kybernetes (11,634 downloads)
- Management Decision (11,414 downloads)
- Development and Learning in Organizations (11,253 downloads)
- Industrial Management & Data Systems (10,771 downloads)
- Online Information Review (10,253 downloads)
- Journal of Knowledge Management (7,961 downloads)
- Management of Environmental Quality: An International Journal (7,516 downloads)
- Journal of Manufacturing Technology Management (7,131 downloads)
- Humanomics (7,038 downloads)

The IIUM Library is currently subscribing to 54 online databases. It is the Library’s wish that all the databases subscribed will be used extensively by the library customers. High usage of the databases will ensure excellent quality in research and research writing. It will also ensure cost effectiveness to the millions of ringgit spent yearly for journals and databases subscription. So come on everybody, get busy with the library resources! Your usage will guarantee IIUM’s place on the research map.
