Remote/Off Campus Access to IIUM Online Databases

How to Configure Your Web Browser

Customer Service Division
20th October 2009
yab
Step 1: Register at “New User Sign Up”
(For those who have not signed up yet)
Questions:

1. How long will my registration be approved?
   - 1 working day

2. I have registered before, do I need to re-register?
   - No

I have registered before but I have forgotten my password!

At the Library Homepage, click “Forget Password”. A new password will be emailed to you.
Step 2: Configure Your PC/Laptop's Web Browser

Click this.
Step 2.1: Follow the instruction according to your computer’s connection

OFF CAMPUS ACCESS TO THE ONLINE DATABASES.

All web-accessible databases which IIUM Library subscribes are available throughout the campus. Depending on license agreements and copyright restrictions, the databases are not accessible from outside the campus. There are also some databases that still require a username and password even though you are inside the campus.

Configuration of the web browser only need to be done once. Below is the instruction on how to connect if you are off campus.

1. Set up your browser to use proxy service
   These examples show how to set up proxy for Internet Explorer. The process is similar for other browsers. Click on the link below to open pdf files.
   - If you are connected using Modem (Dial-Up), Streamyx, Broadband (Maxis/Celcom etc).
   - If you are connected using DSL, Cable, Network connection.
     You might not be able to use the proxy if you are accessing from private network connection that restricts the use of proxy. Sorry for any inconveniences.

2. Connecting to Online Databases
   - Once the proxy server has been configured, point your browser at the IIUM Library Homepage.
   - Log in to the Digital Library Services using your username which is your barcode number and password which is your library PIN number. Click on the link below to open pdf file.

INSTRUCTION FOR OFF-CAMPUS
ACCESS TO ONLINE DATABASES & RESOURCES

INSTRUCTION FOR DIAL-UP USERS

1. Open Internet Explorer and go to the **Tools > Internet Options** Menu
Question:

I have configured using instruction no. 1 but it doesn’t work!

It might be possible that the network setting is not visible by using instruction no. 1.

Try configuring using instruction no. 2. (or vice versa)
Step 3: Click on the online database needed.

ONLINE DATABASES

DATABASES BY SUBJECT

For list of online databases according to a specific subject, please click here or please refer to any of the Information Desks (available on every floor) for a printed list.

IN COLLECTION
